

Schedule of

Dangerous Wild Animals

(as substituted by S1 1984 No.1111)

The following animals are designated 'Dangerous Wild Animals' under the above Act and any person wishing to keep such an animal must hold a licence under the Act. Further details and advice on the licensing requirements can be obtained from this office.

MAMMALS

Scientific name of kind

Marsupials

Daysuridae of the species *Sarcophilus harrisi*

Macropodidae of the species *Macropus fuliginosus*,

Macropus giganteus, *Macropus robustus* and

Macropus rufus

Primates

Callitrichidae of the species of the genera

Leontopithecus and *Saguinus*

Cebidae

Ceropithecidae

Intriidae

Lemuridae, except the species of the genus

Hapalemur

Pongidae

Edentates

Bradyrodidae

Dasypodidae of the species *Priodontes giganteus*
(otherwise known as *Priodontes maximus*)

Myrmecophagidae of the species *Myrmecophaga*
tridactyla

Rodents

Erithizontidae of the species *Erithizon dorsatum*

Hydrochoeridae

Histricidae of the species of the genus *Hystrix*

Carnivores

Ailuropodidae (*Ailuridae*)

Canidae, except the species of the genera *Alopex*,
Dusicyon, *Otocyon*, *Nyctereutes* and *Vulpes* and
the species *Canis familiaris*

Felidae, except the species *Felis catus*

Hyaenidae except the species *Proteles cristatus*

Mustelidae of the species of the genera *Arctonyx*,
Aonyx, *Enhydra*, *Lutra* (except *Lutra lutra*),

Melogale, *Mydaus*, *Pteronura* and *Taxidea* and of
the species *Eira barbara*, *Gulo gulo*, *Martes*

pennanti and *Mellivora capensis*

Procyonidae

Common name or names

The Tasmanian devil

Grey kangaroos, the euro, the wallaroo and the red kangaroo

Tamarins

New-world monkeys (including capuchin, howler, saki, spider, squirrel, titi, uakari and woolly monkeys and the night monkey (otherwise known as the douroucouli)

Old-world monkeys (including baboons, the drill, colobus monkeys, the gelada, guenons, langurs, leaf monkeys, macaques, the mandrill, mangabeys, the patas and proboscis monkeys and the talapoin)

Leaping lemurs (including the indri, sifakas and the woolley lemur)

Large lemurs (the broad-nosed gentle lemur and the grey gentle lemur are excepted)

Anthropoid apes (including chimpanzees, gibbons, the gorilla and the orang-utan)

Sloths

The giant armadillo

The giant anteater

The North American porcupine

The capybara

Crested porcupines

The giant panda and the red panda

Jackals, wild dogs, wolves and the coyote (foxes, the raccoon-dog and the domestic dog are excepted)

The bobcat, caracal, cheetah, jaguar, lion, lynx, ocelot, puma, serval, tiger and all other cats (the domestic cat is excepted)

Hyaenas (except the aardwolf)

Badgers (except the Eurasian badger), otters (except the European otter), and the tayra,

wolverine, fisher and ratel (otherwise known as the honey badger)

Cacomistles, raccoons, coatis, olingos, the little

Urisidal

Viverridae of the species of the genus *Viverra* and of the species *Arctictis binturong* and *Cryptoprocta ferox*

Pinnipedes

Odobenidae, Otariidae and Phocidae, except *Phoca vitulina* and *Halichoerus grypus*

Elephants

Elephantidae

Odd-toed ungulates

Equidae, except the species *Equus asinus*, *Equus caballus* and *Equus asinus* x *Equus caballus*

Rhinocerotidae

Tapiridae

Hyraxes

Procaviidae

Aardvark

Orycteropidae

Even-toed ungulates

Antilocapridae

Bovidae, except any domestic form of the genera *Bos* and *Bubalus*, of the species *Capra aegagrus* (*hircus*) and the species *Ovis aries*

Camelidae except the species *Lama glama* and *Lama pacos*

Cervidae of the species *Alces alces* and *rangifer tarandus*, except any domestic form of the species *Rangifer tarandus*

Giraffidae

Hippopotamidae

Suidae, except any domestic form of the species

Sus scrofa

Tayassuidae

Any hybrid of a kind of animal specified in the foregoing provisions of this column where one parent is, or both parents are, of a kind so specified

BIRDS

Cassowaries and emu

Casuariidae

Dromaiidae

Ostrich

Struthionidae

REPTILES

Crocodilians

Alligatoridae

Crocodylidae

Gavialidae

Lizards and snakes

Colubridae of the species of the genera *Atractaspis*, *Malpolon*, *Psammophis* and *Thelatornis* and of the species *Boiga dendrophila*, *Dispholidus typus*, *Rhabdophis subminiatus* and *Rhabdophis tigrinus*

Elapidae

coatimundi and the kinkajou

Bears

The African, large-spotted, Malay and large Indian civets, the binturong and the fossa

The walrus, eared seals, sealions and earless seals (the common and grey seals are excepted)

Elephants

Asses, horses and zebras (the donkey, domestic horse and domestic hybrids are excepted)

Rhinoceroses

Tapirs

Tree and rock hyraxes (otherwise known as dassies)

The aardvark

The Pronghorn

Antelopes, bison, buffalo, cattle, gazelles, goats and sheep (domestic cattle, goats and sheep are excepted)

Camels, the guanaco and the vicuna (the domestic llama and alpaca are excepted)

The moose or elk and the caribou or reindeer (the domestic reindeer is excepted)

The giraffe and the okapi

The hippopotamus and the pygmy hippopotamus

Old-world pigs (including the wild boar and the wart hog) (the domestic pig is excepted)

New-world pigs (otherwise known as peccaries)

Mammalian hybrids with a parent (or parents) of a specified kind

Cassowaries

The emu

The ostrich

Alligators and caimans

Crocodiles and the false gharial

The gharial (otherwise known as the gavial)

Mole vipers and certain rear-fanged venomous snakes (including the moila and montpellier snakes, sand snakes, twig snakes, the mangrove (otherwise known as the yellow- ringed catsnake), the boomslang, the red- necked keelback and the yamakagashi (otherwise known as the Japanese tiger-snake)

Certain front-fanged venomous snakes (including

Helodermatidae
Viperidae

cobras, coral snakes, the desert black snake, kraits, mambas, sea snakes and all Australian poisonous snakes (including the death adders))
The gila monster and the (Mexican) beaded lizard
Certain front-fanged venomous snakes (including adders, the barba amarilla, the bushmaster, the copperhead, the fer-de-lance, moccasins, rattlesnakes and vipers)

INVERTEBRATES

Spiders

Ctenidae of the species of the genus Phoneutria

Wandering spiders
