Version 20

Dated September 2024

## Document Version Control

Version	Changes	Date
1	First Version	
2	Full revision	August 2017
3	<ul style="list-style-type: none"> <li>Road Safety Audit requirements</li> <li>Site Survey (Topographical Survey) requirements</li> </ul>	October 2017
4	Amendment to Heritage Statement to include all Major developments	January 2018
5	Ecology wording requirements	March 2018
6	Addition of Drawing Revisions List	August 2019
7	Amendment of Air quality and emissions guidance document to 2019 version	November 2019
8	Amended paragraph references to the National Planning Policy Framework and National Planning Policy Guidance	November 2019
9	Biodiversity/Ecology Information updated to include Net Gain	February 2020
10	The Town and Country Planning (General Permitted Development) (England) (Amendment) (No. 2) Order 2020	August 2020
11	The Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended) And <a href="#">The National Planning Practice Guidance – Fire Safety and high rise residential buildings</a>	September 2021
12	Site Plan requirements clarification	September 2022
13	Word Version uploaded and link to <a href="https://www.hastings.gov.uk/planning/advice/submitting/guidance/">https://www.hastings.gov.uk/planning/advice/submitting/guidance/</a> provided	October 2022
14	Land Stability and Sustainability Statement section amended to clarify qualifications/membership requirements for engineers. Affordable Housing Statement required content amended. Air Quality Statement amended to reflect up to date guidance.	November 2022
15	Updated to remove revoked use classes	June 2023
16	Validation requirements – BNG, applications for Listed Building Consent. Clarification of experience and membership of professional bodies for authors of various reports. Amendments to Drainage Report requirements	December 2023

17	Commencement dates in respect of BNG for non-major applications added	February 2024
18	Amendment to details regarding membership to relevant professional organisations required in association with drainage and highway matters	April 2024
19	Amendment to details regarding membership to relevant professional organisations required in association with drainage	May 2024
20	Amendment to clarify information required in respect of Self/Custom Build planning applications	Sept 2024

## Introduction

The statutory requirements for a valid planning application comprise:

- The mandatory national information requirements
- The standard application form
- Information specified by the Local Planning Authority on their local list of information requirements
- Additionally, for applications for Listed Building Consent need to comprise the mandatory requirements specified in sections 10 and 11 of the Planning (Listed Building and Conservation Areas) Act 1990 and the additional information specified by the Local Planning Authority on their list of information requirements set out below.

This document specifies the full lists of information which Hastings Borough Council as the Local Planning Authority requires to accompany applications, and is divided into four sections:

## Contents

SECTION 1: NATIONAL LIST OF PLANNING APPLICATION REQUIREMENTS

SECTION 2: LOCAL LIST OF PLANNING APPLICATION REQUIREMENTS

SECTION 3: NATIONAL REQUIREMENTS FOR PRIOR APPROVAL

SECTION 4: APPLICATIONS FOR LISTED BUILDING CONSENT

SECTION 5: APPLICATIONS WHERE BIODIVERSITY NET GAIN IS REQUIRED

Please note for an application to be valid

**all plans** must include

- the direction of north
- a scale bar
- paper size and scale (preferably printable on A3)

**and**

**all drawings** must be suitable for scanning and display electronically.

A fuller explanation of National and Local submission requirements can be found [here](#).

# Section 1: National Requirements

Information Item	Policy Driver	Applications that require this information	Further information	Where to look for further assistance
<b>Completed Application Form (1APP) and relevant fee (where required)</b>	Article 7 Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)	All applications for planning permission and associated consents, except for applications for hazardous substance consent or prior approval applications	<p>Completed application form with all relevant certificates (included within form), signed and dated.</p> <p>This can be done electronically or 1 paper copy.</p> <p>Payments can be made via the online payment system at <a href="http://www.hastings.gov.uk">www.hastings.gov.uk</a></p>	<p><a href="#">Town and Country Planning (Development Management Procedure) (England) Order 2015</a></p> <p><a href="#">Application forms</a></p> <p><a href="#">Planning Portal Application Fee Calculator</a></p> <p>Planning Enquiries 01424 451090</p>
<b>Notice(s) Ownership Certificates</b>	Article 13, Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)	<p>All applications where there are "owners" of the application site other than the applicant.</p> <p>"Owners" are freeholders or leaseholders with at least 7 years of the leasehold left unexpired.</p>	<p>Must be served in accordance with Article 13, Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).</p> <p>Article 13 relates to certificates A, B, C &amp; D and relevant boxes can be found at the bottom of the application form</p>	<p><a href="#">Town and Country Planning (Development Management Procedure) (England) Order 2015</a></p>
<b>Design and Access Statement (DAS)</b>	Article 9, Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)	<p>(a) development which is major development;</p> <p>(b) where any part of the development is in a designated area, development consisting of—</p> <p>(i) the provision of one or more</p>	<p>Statement to accompany and justify the proposal in a structured way. The level of detail required will depend on the scale and complexity of the application. The design and access statement should explain the design principles and justification/reason for particular designs that have been applied to particular aspects of the proposal and cover: It should include the</p>	<p><a href="#">Town and Country Planning (Development Management Procedure) (England) Order 2015</a></p> <p><a href="#">Planning (Listed Buildings and Conservation Areas) Regulations 1990</a></p> <p><a href="#">National Planning Practice Guidance</a></p> <p><a href="#">Hastings Local Plan The Hastings Planning Strategy</a></p>

Information Item	Policy Driver	Applications that require this information	Further information	Where to look for further assistance
<b>Design and Access Statement (DAS) cont...</b>	<p>Section 3A, Planning (Listed Buildings and Conservation Areas) Regulations 1990</p> <p>National Planning Practice Guidance (NPPG), Paras 010 (Reference ID: 26-010-20191001) and 012 (Reference ID: 26-012-20191001)</p> <p>Hastings Planning Strategy, Policies SC1, 2, 3, 4</p>	<p>dwellinghouses; or</p> <p>(ii) the provision of a building or buildings where the floor space created by the development is 100 square metres or more.</p>	<p>evolution of the design prior to submission, the rationale behind the scheme and how it meets the criteria of the Development Plan.</p> <p>The proposed use and amount of development proposed, its scale, layout, landscaping, lighting and overall appearance; and how issues relating to access to the development have been dealt with including wheelchair accessible development.</p> <p>Include information on how the design of the development contributes to achieving sustainable development, particularly in terms of climate change mitigation and adaptation measures such as green roofs and walls, sustainable drainage systems, multi-functional greenspace, protection and enhancement of biodiversity, waste reduction and recycling, water efficiency, flood risk management, and the use of recycled materials. The statement should also demonstrate how the development has complied with the energy hierarchy in terms of working towards zero carbon development, by focusing on energy efficiency first, followed by the provision of on-site renewable energy generation and other off site large scale solutions as necessary.</p>	

Information Item	Policy Driver	Applications that require this information	Further information	Where to look for further assistance
<b>Site Location Plan Scale 1:1250 or 1:2500 which is up to date and includes direction of north and a scale bar</b>	Article 7, Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)	All applications except variation/discharge of condition and non material amendment.	Site Location Plans should <ul style="list-style-type: none"> <li>• edge clearly with a red line the land subject to the application, including all land necessary to carry out the proposed development (eg land required for access to the site from a public highway, visibility splays, landscaping, car parking and open areas around buildings)</li> <li>• include a blue line around any other land owned by the applicant, close to or adjoining the application site</li> <li>• identify sufficient roads and/or buildings on land adjoining the application site to ensure that the exact location of the application site is clear</li> <li>• show at least two named roads</li> <li>• show surrounding buildings, roads and footpaths adjoining the site</li> <li>• be drawn to 1:1250 or 1:2500</li> <li>• be based on up to date map detail</li> <li>• show a scale bar</li> <li>• show the direction of North</li> </ul>	<a href="#">Town and Country Planning (Development Management Procedure) (England) Order 2015</a>  <a href="#">Planning Portal Accredited suppliers</a>  <a href="https://www.gov.uk/guidance/making-an-application-Paragraph 24 Reference ID: 14-024-20140306">https://www.gov.uk/guidance/making-an-application - Paragraph 24 Reference ID: 14-024-20140306</a>

Information Item	Policy Driver	Applications that require this information	Further information	Where to look for further assistance
<b>Block Plan Scale 1:200 or 1:500 which includes the direction of north, a scale bar and shows the proposed development in relation to the site boundaries and other existing buildings on the site, with written dimensions including those to the boundaries</b>	Article 7, Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)	All applications including Change of Use.	Two plans are required <ul style="list-style-type: none"> <li>• One existing and one proposed</li> </ul> And should include the following: <ul style="list-style-type: none"> <li>• All buildings, roads and footpaths on the site and on land adjoining the site;</li> <li>• written dimensions including those to the boundaries</li> <li>• Precise positions of the vehicular access points, both existing and, where appropriate, proposed, including dimensions; All public rights of way crossing or adjoining the site;</li> <li>• The position of all trees and hedgerows on the site and adjacent land;</li> <li>• The extent of any hard surfacing; The type of boundary treatment (e.g. walls, fences etc.).</li> <li>• Landscape features</li> </ul>	<a href="#">Town and Country Planning (Development Management Procedure) (England) Order 2015</a>  <a href="#">Planning Portal Accredited suppliers</a>
<b>Elevations existing and proposed Scale 1:50 or 1:100 with written dimensions to show overall size of any new buildings or extensions and a scale bar.</b>	Article 7, Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)	All applications proposing new buildings or alterations to the exterior of existing buildings.	Both existing and proposed elevations are required. This should set out the proposal in detail, showing: Where existing buildings or walls are to be demolished (if applicable); Details of the existing building(s) as well as those for the proposed development.	<a href="#">Town and Country Planning (Development Management Procedure) (England) Order 2015</a>

Information Item	Policy Driver	Applications that require this information	Further information	Where to look for further assistance
<p><b>Floor plans, existing and proposed Scale 1:50 or 1:100 with written dimensions to show overall size of any new buildings or extensions and a scale bar.</b></p>	<p>Article 7, Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)</p>	<p>All applications proposing new or amended floorspace and/or proposals to alter existing buildings.</p>	<p>Two floor plans are required, one existing and one proposed. This should explain the proposal in detail, showing: Where existing buildings or walls are to be demolished (if applicable); Details of the existing building(s) as well as those for the proposed development.</p>	<p><a href="#">Town and Country Planning (Development Management Procedure) (England) Order 2015</a></p>
<p><b>Existing and proposed site sections and finished floor and site levels</b></p> <p><b>Scale 1:50 or 1:100 with a scale bar.</b></p>	<p>Article 7, Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)</p>	<p>Required for all applications which involve a change in ground levels or where development is proposed next to changing ground levels.</p> <p>On sloping sites it will be necessary to show how proposals relate to existing ground levels where ground levels may be modified.</p>	<p>Plan drawn to show a cross section through the proposed building(s) and/or site.</p> <p>Where a proposal involves a change in ground levels, drawings must show both existing and proposed finished ground levels. Drawings must include details of floor levels, building height and relationship to site boundaries.</p> <p>Full information should also be submitted to demonstrate: How proposed buildings relate to existing site levels and neighbouring development; Plans showing existing site levels and finished</p>	<p><a href="#">Town and Country Planning (Development Management Procedure) (England) Order 2015</a></p>

Information Item	Policy Driver	Applications that require this information	Further information	Where to look for further assistance
<b>Roof Plans Scale 1:100 or 1:200 with a scale bar.</b>		Required where a roof would be created or altered by the proposed development.	Showing the shape of the roof and details of the roofing materials and any features such as chimney positions or windows. It may be possible to combine the roof plan with the proposed block plan, where the roof plan is simple and clearly conveyed	
<b>Fire Statement (as of 1 August 2021)</b>	The Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)	Application to build or convert 'High Rise' building(s) of 18m in height or more or 7 storeys or more containing or proposing to contain either 2 or more dwellings OR educational accommodation (such as classrooms) An application within the curtilage of a relevant 'High Rise' building.	A fire statement must— (a) be on a form published by the Secretary of State (or a form substantially to the same effect); and (b) include the particulars specified or referred to in the form. Fire Statements are not required where a material change of use of a high rise building, would mean the building was no longer a relevant building.	<a href="#">Town and Country Planning (Development Management Procedure) (England) Order 2015</a>  <a href="#">The National Planning Practice Guidance – Fire Safety and high rise residential buildings</a>  <a href="https://www.gov.uk/government/publications/planning-application-forms-templates-for-local-planning-authorities">https://www.gov.uk/government/publications/planning-application-forms-templates-for-local-planning-authorities</a>

# Section 2: Local Requirements

The information and reports referred to below are shown in alphabetical order; please refer to column 3 for the threshold criteria applicable to each application type.

Information Item	Policy Driver	Applications that require this information	Further information	Where to look for further assistance
<b>Affordable Housing Statement</b>	<p>National Planning Policy Framework (NPPF), paras 59-71</p> <p>Hastings Planning Strategy, Policy H3</p> <p>Affordable Housing SPD (When Adopted)</p>	<p>Application for any new (net increase) residential development Over 10 units</p> <p>Or</p> <p>a maximum combined gross floorspace of no more than 1000sqm</p>	<p>The statement must set out: The percentage of affordable housing units proposed and/or financial contribution required, how this relates to the requirement set out in Hastings Planning Strategy Policy H3 and shall include:</p> <ul style="list-style-type: none"> <li>• The mix of units (bed numbers and unit sizes)</li> <li>• Tenure of each unit (affordable rent/intermediate/key worker) and an explanation of the proposed mix;</li> <li>• Plans for ongoing housing management of the units and details of any Registered Providers, as partners in the development;</li> <li>• A plan showing the location of affordable housing units and reasoning for this location;</li> <li>• Details of design and proposed quality standards of build</li> <li>• Proposed nominations agreement</li> <li>• Detailed explanation of any financial affordable housing contribution with 3 X independent valuation/house price values of the completed units or comparable units in comparable value areas</li> <li>• Viability Appraisal if non-compliant with policy</li> <li>• Justification for contribution in-lieu of on-site provision, where relevant</li> </ul>	<p><a href="#">National Planning Policy Framework</a></p> <p><a href="#">Hastings Local Plan The Hastings Planning Strategy</a></p> <p>Affordable Housing SPD (not yet available)</p>

Information Item	Policy Driver	Applications that require this information	Further information	Where to look for further assistance
<b>Air Quality and Emissions Statement</b>	<p>National Planning Policy Framework (NPPF), para 181</p> <p>Hastings Planning Strategy, Policy SC1</p> <p>Hastings Development Management Plan, Policy DM5</p>	<p>All Major Developments</p>	<p>For further information please see Air quality and emissions mitigation guidance for Sussex (2021). Otherwise please contact the Air Quality Officer in Environmental Health at Hastings Borough Council to discuss the requirements in line with screening checklist 2 in the Air quality and emissions mitigation guidance for Sussex (2021).</p> <p>Air Quality and Emissions Statements must be prepared by a person(s):</p> <ul style="list-style-type: none"> <li>• That is a current member of the Institute of Air Quality Management</li> <li>• That has relevant experience and qualifications in the field, as shown by a short CV</li> </ul>	<p><a href="#">National Planning Policy Framework</a></p> <p><a href="#">National Planning Policy Guidance</a></p> <p><a href="#">Hastings Local Plan The Hastings Planning Strategy</a></p> <p><a href="#">Hastings Local Plan Development Management Plan</a></p> <p><a href="#">Air quality and emissions mitigation guidance for Sussex (2019)</a></p> <p>Environmental Health General Enquiries 01424 451079</p>

<p><b>Biodiversity/Ecology Information</b></p>	<p>National Planning Policy Framework (NPPF), paras 180 - 188</p> <p>National Planning Practice Guidance (NPPG), under the heading 'Natural Environment'</p> <p>Hastings Planning Strategy, Policies EN2, EN3, EN4, EN5</p> <p>Hastings Development Management Plan, Policies HN7, HN8, HN9</p>	<p>All sites have the potential to support protected species, flora and fauna.</p> <p>You are required to carry out relevant up to date surveys prior to the submission of an application and provide adequate ecological information, conforming to British Standard BS42020, Biodiversity Code of practice for planning and development, the Chartered Institute of Ecology and Environmental Guidelines for Ecological Report Writing and Natural England Standing Advice series. This must be prepared by a competent ecology professional. Demonstrating conformity to these guidance documents allows the authority to make an informed decision.</p> <p>This applies to both changes of use, new build and extension applications.</p> <p>For Major Planning Applications, supporting information should demonstrate how the development will result in a biodiversity net gain.</p>	<p>Applicants should establish what information needs to be submitted with their application to ensure the decision-maker has sufficient information to reach a sound and confident decision.</p> <p>The work involved in preparing and implementing all ecological surveys, impact assessments and measures for avoidance, mitigation, compensation and enhancement should be proportionate to the predicted degree of risk to biodiversity and to the nature and scale of the proposed development.</p> <p>Small scale developments may be informed by a Preliminary Ecology Assessment (PEA) (see BS42020 and Guidelines for Preliminary Ecological Appraisal by the Chartered Institute of Ecology and Environmental Management) that identifies if detailed species surveys are required. The PEA may be sufficient to identify that biodiversity interests would not be affected by the proposed development and that detailed surveys are not required.</p> <p>Where the applicant has established ecological surveys are required, as in the case of larger applications, an Ecological Constraints and Opportunities Plan, ECOP (see BS42020) or appropriate ecological assessment should be prepared.</p> <p>Assessment/Plan will identify where biodiversity might act as a constraint to development, inform site design and layout and opportunities to retain, mitigate, compensate or enhance biodiversity.</p> <p>Assessments/Plans carried out more than 18<sup>th</sup> Months ago will not be accepted. Surveys on</p>	<p><a href="#">National Planning Policy Framework</a></p> <p><a href="#">National Planning Practice Guidance</a></p> <p><a href="#">Hastings Local Plan The Hastings Planning Strategy</a></p> <p><a href="#">Hastings Local Plan Development Management Plan</a></p> <p><a href="#">Natural England Standing Advice</a></p> <p><a href="#">BS42020:2013 Biodiversity – Code of practice for planning and development</a></p> <p><a href="#">Defra Biodiversity Metric</a></p>

Information Item	Policy Driver	Applications that require this information	Further information	Where to look for further assistance
<b>Biodiversity/Ecology Information cont...</b>			<p>which the report is based must be carried out at an appropriate time of year.</p> <p>Composite reports will be required to draw together the overall findings of separate surveys and separate consultants work.</p> <p>Development proposals should be able to demonstrate that they have;</p> <ul style="list-style-type: none"> <li>• Avoided adverse impacts or</li> <li>• Where adverse effects cannot be avoided, appropriate mitigation proposals are detailed</li> </ul> <p>Compensation measures will be sought to address effects that cannot be avoided or mitigated. Opportunities for enhancing biodiversity should be explored in all development applications.</p> <p>Natural England Standing Advice is a material consideration in all planning applications affecting biodiversity. The Council expect applicants to demonstrate clearly how they have considered all relevant Standing Advice.</p> <p>Reports must be undertaken by an appropriately qualified and experienced person in this field of work with current membership of CIEEM or other recognised professional body covering this profession. Evidence of this must be submitted within the application along with a short CV setting out the authors relevant experience and qualifications.</p>	

<p><b>Biodiversity Statement, Habitat Baseline Plan, Proposed Habitat Plan 4.0 Statutory 4.0 Biodiversity Metric (or replacement version if applicable)</b></p> <p><b>Statement – BNG Not Applicable</b></p> <p><b>Please see separate statement at Section 5 for additional validation requirements</b></p>	<p>The Environment Act 2021</p> <p>National Planning Policy Framework (NPPF), paragraphs 180 to 188</p> <p>National Planning Practice Guidance (NPPG), under the heading 'Natural Environment'</p> <p>Hastings Planning Strategy, Policies EN2, EN3, EN4, EN5</p> <p>Hastings Development Management Plan, Policies HN7, HN8, HN9</p>	<p>Pre 2<sup>nd</sup> April 2024: All major applications other than exemptions and sites defined as 'small sites'.</p> <p><u>Small sites</u> are defined as</p> <p>(i) For residential: where the number of dwellings to be provided is between 1 and 9 inclusive on a site having an area of less than one hectare, or where the number of dwellings to be provided is not known, a site area of less than 0.5 hectares.</p> <p>(ii) For non-residential: where the floor space to be created is less than 1,000 square metres OR where the site area is less than one hectare.</p> <p>After 1st April 2024 this validation requirement will apply to:</p> <p>All major applications and 'small sites' as defined above, unless exempt. Exemptions are listed below:</p> <p><u>Exemptions</u></p> <ul style="list-style-type: none"> <li>• De minimus exemption - existing habitat area is below 25m<sup>2</sup> or 5m or less of a linear habitat (hedge/stream)</li> <li>• Single dwellings</li> <li>• Small Scale Self-Build and custom housebuilding of no</li> </ul>	<p>This Biodiversity statement should set out the Field Assessment and the Baseline Metric Output as existing for the entire site within the red line of the application, based on the latest Statutory Biodiversity Metric. The latest Small Sites Metric (Statutory Biodiversity Metric) should be used for 'small sites'. The metric calculates the biodiversity value on site as 'biodiversity units'. To use the metric calculation tool you need to know:</p> <ul style="list-style-type: none"> <li>• the types of habitat - on-site and off-site</li> <li>• the size of each habitat parcel in hectares - or kilometres if it is linear (rivers and streams, hedgerows and lines of trees)</li> <li>• the condition of each habitat parcel</li> <li>• whether the sites are in locations identified as local nature priorities</li> </ul> <p>Evidence, including surveys, to justify the baseline date should be submitted, including where different from the survey date. The metric spreadsheet must include full calculations that lead to the final biodiversity unit scores. Summarised information will not be accepted. Surveys should normally be carried out no more than 12 months before the application date.</p> <p>The Statement should show a 10% uplift of biodiversity credits.</p> <p>The Statement should set out:</p> <ul style="list-style-type: none"> <li>• how the mitigation hierarchy has been adhered to. This should show that through good design of the site, the biodiversity impact has been minimized as much as possible.</li> <li>• site users activities,</li> <li>• practical management options and</li> <li>• disturbance activities,</li> </ul>	<p>Schedule 7a of Town and Country Planning Act 1990</p> <p>Section 90A and Schedule 7A (Biodiversity Gain in England) of the Town and Country Planning Act 1990</p> <p>The Environment Act 2021 (Commencement No. 8 and Transitional Provisions) Regulations [2024]</p> <p>The Biodiversity Gain Requirements (Exemptions) Regulations [2024]</p> <p>The Biodiversity Gain (Town and Country Planning) (Modifications and Amendments) (England) Regulations [2024]</p> <p><a href="#">Advice-Note.pdf (cieem.net)</a></p> <p>The Town and Country Planning (Development Management Procedure) (England) Order 2015</p>
--	---	--	--	---

<p><b>Biodiversity Statement, Habitat Baseline Plan, Proposed Habitat Plan cont...</b></p>		<p>more than 9 dwellings on sites no larger than 0.5ha OR development that consists exclusively of self-build or custom housebuilding</p> <ul style="list-style-type: none"> <li>• Biodiversity Gain Sites (where habitats are being enhanced for wildlife)</li> <li>• Householder development</li> <li>• Development granted planning permission by a development order under section 59 This includes permitted development rights.</li> </ul> <p>Applications which propose to implement development in phases should provide Overall Biodiversity Gain Plan and a Phase Biodiversity Gain Plan.</p> <p>In cases where the applicant considers development is not subject to biodiversity net gain, a statement must be made within the application form setting out why this is the case.</p> <p>In cases where Biodiversity Net Gain is claimed as exempt on the basis of self/custom build, a Biodiversity Metric with baseline information must be completed and submitted with the application (see paragraph 180 in the National</p>	<p>and how these are taken into account in shaping the Biodiversity Net Gain proposals are and therefore what can be achieved on site.</p> <p>The Biodiversity Statement shall include a <b>Habitats Baseline Plan (HBP)</b>, using UK Habitat Classification.</p> <p>The HBP should be based on a Preliminary Ecological Assessment of the site or an EclA Report. The HBP should clearly show the areas covered by each of the existing habitat types and the area and length of each habitat type (or for each parcel where habitat types are scattered across the site). Each habitat parcel should have a reference number which can be clearly cross referenced to the biodiversity metric. HBP will include linear features such as hedgerows, river and streams.</p> <p>The Biodiversity Statement shall include a <b>Proposed Habitats Plan</b>, using UK Habitat Classification which will allow a comparison between the proposed and the baseline situation. This plan must show what existing habitats are being retained and enhanced and what new habitat types will be created. Each Habitat type should be clearly stated on the plan. The area (ha.) or length (km.) of each habitat type should be quantified with maps provided as spatially accurate digital drawings.</p> <p>Other proposed biodiversity enhancements should also be described in this section and shown on appropriately scaled plans, e.g., bird and bat boxes, and hedgehog highways.</p> <p>The Statutory Biodiversity Metric must include any river, stream or canal that lies within the red</p>	<p>The Town and Country Planning (Section 62A Applications) (Procedure and Consequential Amendments) Order 2013</p> <p>The Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations [2024]</p> <p><a href="https://www.gov.uk/government/publications/habitats-and-species-of-principal-importance-in-england">Habitats and species of principal importance in England – GOV.UK (www.gov.uk)</a></p> <p>NPPG:  Paragraph: 001  Reference ID: 74-001-2023  Paragraph: 002  Reference ID: 74-002-2023  Paragraph: 004  Reference ID: 74-004-2023  Paragraph: 007  Reference ID: 74-007-2023  Paragraph: 008  Reference ID: 74-008-2023</p>
--	--	---	--	--

<p><b>Biodiversity Statement, Habitat Baseline Plan, Proposed Habitat Plan cont...</b></p>		<p>Planning Policy Framework (NPPF))</p> <p>This Biodiversity Metric will be used to calculate the required 10% biodiversity net gain uplift required where a self/custom build claim is later shown to be incorrect.</p> <p>Applicants that have checked the Biodiversity Net Gain exemption box on the planning application form must be aware that if after validation of the application, it becomes apparent that the proposed housing does not fall into the self/custom build, the applicant will be liable for implementing 10% Biodiversity Net Gain.</p> <p>Planning permissions will be subject to a condition which ties the permission to the occupant, requiring this be their principal residence for a minimum of three years from the date the house in question is initially occupied</p> <p><u>NB</u> General commencement [of BNG regulations] for applications does not apply to:</p> <ul style="list-style-type: none"> <li>• retrospective planning permissions made under section 73A; and</li> <li>• section 73 permissions where the original permission which the section 73 relates to was either granted before 12<sup>th</sup></li> </ul>	<p>line boundary, or where the river, stream or canal is located within 10m of the red line boundary (i.e. the red line boundary intersects the riparian zone) must be included, with 10% BNG delivered. For ditches, the Watercourse Unit Module is applied where the channel is located within 5m of the red line boundary. The Watercourse Unit Module should only be applied to culverts that lie within the red line boundary.</p> <p>The Statutory Biodiversity Metric will not be validated where it includes a red box unless the following circumstances apply:</p> <ol style="list-style-type: none"> <li>1. That the application is outline;</li> <li>2. That Rule 5 applies;</li> <li>3. That the application proposes purchase of credits;</li> </ol> <p>Reports and the latest version of the Statutory Biodiversity Metric must be undertaken by an appropriately qualified and experienced person in this field of work with current membership of CIEEM or other recognised professional body covering this profession. To undertake a River Condition Assessment, assessors must be trained and accredited in a River Conditions Assessment methodology. Evidence of this must be submitted within the application along with a short CV setting out the authors relevant experience and qualifications.</p> <p>Please note that where planning permission is granted it will be subject to a S106 agreement to secure Net Gain on site. <b>Ownership Certificate</b>	NPPG Validation Requirements  Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990	All applications where there are "owners" of the application site other than the applicant.  "Owners" are freeholders or leaseholders with at least 7 years of the leasehold left unexpired.	Must be served in accordance with Article 6, The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (as amended).  Article 6 relates to certificates A, B, C & D and relevant boxes can be found at the bottom of the application form.	<a href="https://legislation.gov.uk">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a>
<b>Location Plan 1:1250 or 1:2500 which is up to date and includes direction of north and a scale bar</b>	Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990	All applications for Listed Building Consent.	Sufficient detail to clearly identify the application site and its surroundings.  Site Location Plans should <ul style="list-style-type: none"> <li>• edge clearly with a red line the land subject to the application.</li> <li>• include a blue line around any other land owned by the applicant, close to or adjoining the application site.</li> <li>• identify sufficient roads and/or buildings on land adjoining the application site to ensure that the exact location of the application site is clear.</li> <li>• show at least two named roads.</li> <li>• show surrounding buildings, roads and footpaths adjoining the site.</li> <li>• be drawn to 1:1250 or 1:2500.</li> <li>• be based on up to date map detail.</li> <li>• show a scale bar.</li> <li>• show the direction of North.</li> </ul> A marked-up Ordnance Survey map or equivalent is required.	<a href="https://www.gov.uk">Making an application - GOV.UK (www.gov.uk)</a>  <a href="https://legislation.gov.uk">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a>

Information	Policy Driver	Applications that require this information	Further Information	Where to look for further assistance
<b>Block Plan 1:500 or 1:200</b>	Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990	All applications for Listed Building Consent that include external works.	Two plans are required : <ul style="list-style-type: none"> <li>• One existing and one proposed</li> </ul> And these plans should include the following: <ul style="list-style-type: none"> <li>• All buildings, roads and footpaths on the site and on land adjoining the site;</li> <li>• The size and siting of any new buildings or extensions to existing buildings within the site to be shown on the proposed site plan.</li> <li>• written dimensions on both the existing building and the proposed buildings/extensions, and from the buildings to any site boundaries on both the existing and proposed site plan,</li> <li>• The extent of any hard surfacing; the location and type of boundary treatment (e.g. walls, fences etc.), other landscape features within the site.</li> </ul>	<a href="https://legislation.gov.uk">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a>
<b>Existing External Elevations at 1:50 scale</b>	Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990	Applications proposing external alterations.  NB Applications proposing internal alterations only will not require this.		<a href="https://legislation.gov.uk">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a>
<b>Proposed External Elevations at 1:50 scale</b>	Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990	Applications proposing external alterations.  Applications proposing internal alterations only will not require this.		<a href="https://legislation.gov.uk">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a>

Information	Policy Driver	Applications that require this information	Further Information	Where to look for further assistance
<b>Existing and Proposed Floor Plans at 1:50 scale</b>	Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990	Applications proposing internal and/or external alterations. Applications that include a change of use.	Proposed changes to the plan form (room layout) of the listed building should be clearly shown on these drawings and then explained and justified in the Design and Access Statement.  Please also mark on the proposed floor plans the location of the proposed works, cross referenced to the items in your schedule of works.	<a href="https://www.legislation.gov.uk/ukreg/2017/1000/section/3A">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a>
<b>Existing and Proposed Roof Plan at 1:50 scale</b>	Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990	Where alterations to the roof are proposed, for example : changes to the roof profile, new roof coverings, new dormers or rooflights, solar panels, changes to the chimney stacks or parapet gutters etc.	Proposed changes to the roof form of the listed building should be clearly shown on these drawings and then explained and justified in the Design and Access Statement.	<a href="https://www.legislation.gov.uk/ukreg/2017/1000/section/3A">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a>
<b>Internal Sections Existing and Proposed 1:20 or 1:10 scale</b>	Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990	Where the proposed development will result in the removal of internal walls, changes to floors/floor levels, removal or changes to ceilings, staircases, or other key architectural features.	Detailed internal sections as existing and as proposed to be provided that clearly show the internal changes. Scale 1:20 or 1:10, as appropriate.	<a href="https://www.legislation.gov.uk/ukreg/2017/1000/section/3A">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a>

Information	Policy Driver	Applications that require this information	Further Information	Where to look for further assistance
<b>Joinery and Other Architectural Features: Detailed Elevation and Section Drawings (Internal or External) at 1:20, 1:10, 1:2 or full size, as appropriate</b>	Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990	All applications that include proposals to change the architectural features of the listed building. Such work includes changes to any existing internal or external timber joinery elements (such as doors, windows, balconies, canopies, shopfronts, internal screens, staircases, panelling, etc.), and other architectural features such as porticos, iron railings, chimney pieces, decorative plasterwork etc.	<p>The details provided must be cross referenced to and clearly marked on the proposed floor plans/elevations and should include detailed elevation and cross-sectional drawings through the vertical and horizontal planes.</p> <p>1:20 scale is suitable for elevations of larger scale architectural elements such as shop fronts, canopies, and staircases etc. 1:10 scale is more suitable for elevations of door and window details. Sections drawings should be at 1:2 scale or full size.</p>	<p><a href="http://www.gov.uk">Making an application - GOV.UK (www.gov.uk)</a></p> <p><a href="http://legislation.gov.uk">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a></p>
<b>Existing and Proposed Ceiling Plans 1:50</b>	Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990	For applications including changes to decorative ceilings and cornices.	The plans must include details of the existing and proposed ceiling finishes including any decorative mouldings, ceiling roses, or cornices.	<p><a href="http://www.gov.uk">Making an application - GOV.UK (www.gov.uk)</a></p> <p><a href="http://legislation.gov.uk">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a></p>

Information	Policy Driver	Applications that require this information	Further Information	Where to look for further assistance
<p><b>Design and Access Statement</b></p>	<p>Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990</p>	<p>All applications</p>	<p>Where a planning application is submitted in parallel with an application for listed building consent, a single, combined Design and Access Statement should address the requirements of both. The combined Statement should address the elements required in relation to a planning application and then the additional listed building consent application elements.</p> <p>A Justification and Mitigation Statement must be included if potential harm to the significance of the listed building is identified in the Heritage Statement. The Justification and Mitigation Statement needs to set out in detail the reasons why the works are required, the potential impact of the work on significance, and what steps have been taken to design the scheme to remove or limit any harm identified.</p> <p>If the application is for listed building consent only, and so does not require a joint Design and Access Statement, the Statement should focus on the heritage and design issues.</p> <p>If the Heritage Statement does not fully set out the scope and impact of the proposed works, this information needs to be included in the Design &amp; Access Statement.</p>	<p><a href="https://legislation.gov.uk">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a></p> <p><a href="https://www.gov.uk">Making an application - GOV.UK (www.gov.uk)</a></p>

<p><b>Heritage Statement</b></p>	<p>Section 3A, The Planning (Listed Buildings and Conservation Areas) Regulations 1990</p> <p>National Planning Policy Framework (NPPF), paras 194-195</p> <p>Hastings Planning Strategy, Policy EN1</p>	<p>All Applications for listed building consent will require a Heritage Statement that includes any relevant information that is available from the Historic Environment Record (HER).</p>	<p>Details of designated and non-designated heritage assets can be found on our website.</p> <p>A heritage statement will identify the heritage assets (both designated and non-designated) and/or their setting, describe their significance and the potential impact of the proposal on that significance.</p> <p>Where relevant, heritage statements should be supported by photographs, phasing plans, schedule of works, historic photographs or drawings, historic maps showing the evolution of the building and area, and other relevant sources.</p> <p>The level of information required should be proportionate to the significance of the asset and the extent of the works proposed.</p> <p>A template heritage statement and the HER checklist can be found on our website.</p> <p>An HER consultation report sets out summary information about the location and extent of known heritage assets and archaeological potential. It will help inform the heritage statement. More information on the requirement of a HER consultation report can be found in the heritage statement template.</p>	<p><a href="http://www.gov.uk">Historic environment - GOV.UK (www.gov.uk)</a></p> <p><a href="http://legislation.gov.uk">The Planning (Listed Buildings and Conservation Areas) Regulations 1990 (legislation.gov.uk)</a></p> <p><a href="http://www.gov.uk">Making an application - GOV.UK (www.gov.uk)</a></p> <p><a href="#">Hastings Borough Council Conservation &amp; Heritage Assets</a></p> <p><a href="#">Heritage Statement Template</a></p> <p><a href="#">National Planning Policy Framework</a></p> <p><a href="#">National Planning Policy Guidance</a></p> <p><a href="#">Hastings Local Plan The Hastings Planning Strategy</a></p> <p><a href="#">Hastings Local Plan Development Management Plan</a></p> <p><a href="#">Historic England Historic Environment Good Practice Guide</a></p>

# Section 5: Applications where Biodiversity Net Gain is required

Where development would be subject to the general biodiversity gain condition, the application must be accompanied by minimum information set out in Article 7 of The Town and Country Planning (Development Management Procedure) (England) Order 2015:

- a statement as to whether the applicant believes that planning permission, if granted, would be subject to the biodiversity gain condition;
- the pre-development biodiversity value of the onsite habitat on the date of application (or an earlier date) including the completed metric calculation tool used showing the calculations, the publication date and version of the biodiversity metric used to calculate that value;
- where the applicant wishes to use an earlier date, the proposed earlier date and the reasons for proposing that date;
- a statement confirming whether the biodiversity value of the onsite habitat is lower on the date of application (or an earlier date) because of the carrying on of activities ('degradation') in which case the value is to be taken as immediately before the carrying on of the activities, and if degradation has taken place supporting evidence of this;
- a description of any irreplaceable habitat (as set out in column 1 of the Schedule to the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations [2024]) on the land to which the application relates, that exists on the date of application, (or an earlier date); and
- a plan, drawn to an identified scale which must show the direction of North, showing onsite habitat existing on the date of application (or and earlier date), including any irreplaceable habitat.

If this information has not been provided, the local planning authority must refuse to validate the application. Within the planning application form applicants will be asked to confirm whether this information accompanies the application. Where these details have been provided elsewhere in accompanying documents, applicants are encouraged to refer to these rather than duplicate this information within the application form.

# What must be included in a Biodiversity Gain Plan?

The following content of a Biodiversity Gain Plan is required for standard development which is not to proceed in phases. Where planning permission is granted that has the effect of permitting development in phases, there are different requirements for the Biodiversity Gain Plan.

Under paragraph 14(2) of Schedule 7A a Biodiversity Gain Plan must include the following matters:

- information about the steps taken or to be taken to minimise the adverse effect of the development on the biodiversity of the on-site habitat and any other habitat
- the pre-development biodiversity value of the on-site habitat
- the post-development biodiversity value of the on-site habitat
- any registered off-site biodiversity gain allocated to the development and the biodiversity
- value of that gain in relation to the development; and
- any biodiversity credits purchased for the development

In addition, under Articles 30C(2) and 30C(4) of The Town and Country Planning (Development Management Procedure) (England) Order 2015 the following specified matters are required, where development is not to proceed in phases:

- name and address of the person completing the Plan, and (if different) the person submitting the Plan
- the reference number of the planning permission to which the plan relates;
- a description of the development to which the plan relates
- the completed biodiversity metric calculation tool, stating the version of the biodiversity metric used and showing the calculation of the pre-development and post-development biodiversity value
- a description of arrangements for maintenance and monitoring of habitat enhancement to which paragraph 9(3) of Schedule 7A to the 1990 Act applies (habitat enhancement which must be maintained for at least 30 years after the development is completed)

- (in cases where there is no irreplaceable habitat on the development site) how the biodiversity gain hierarchy will be followed and where to the extent any actions in that hierarchy are not followed, the reason for that
- the relevant date for the purposes of calculating the pre-development biodiversity value of onsite habitats
- pre-development and post-development plans —
  - showing the location of onsite habitat;
  - drawn to an identified scale and showing the direction of North; and
- in relation to any part of the development for which planning permission is granted where the onsite habitat of that part is irreplaceable habitat arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat
