LEGEND

- Borough Boundary
- Main River
- Ordinary Watercourse
- Culverted Ordinary Watercourse
- Ordinary Watercourse*

BGS Susceptibility to Groundwater flooding

- Potential for groundwater flooding to occur at surface
- Potential for groundwater flooding of property situated below ground level
- Limited potential for groundwater flooding to occur
- Not considered to be prone to groundwater flooding

THIS DRAWING IS TO BE USED ONLY FOR THE PURPOSE OF ISSUE AND IS SUBJECT TO AMENDMENT

Notes
The 1:50,000 scale digital map data is generalised and the geological interpretation should be used only as a guide to the geology at a local level, not as a site-specific geological plan based on detailed site investigations.
This map is intended to provide a strategic overview of susceptibility to groundwater flooding and should not be used to assess flood risk for individual properties.

*This is an Ordinary Watercourse where it is unclear whether it is above or below ground (culverted).
