

# Hastings Planning Strategy

## A further opportunity to comment

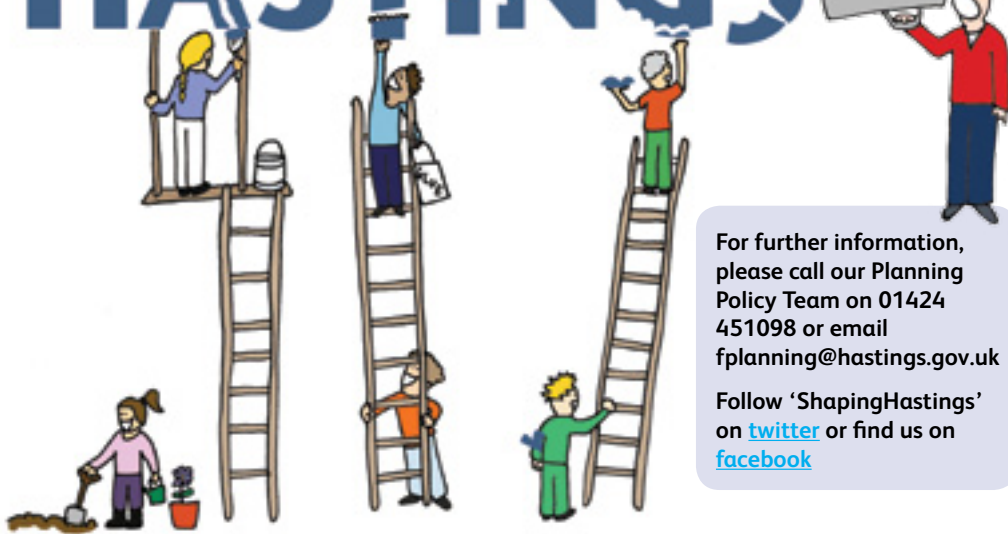

The Hastings Planning Strategy is the Plan that guides how the town will develop and grow up to 2028. Following the recent Examination and work undertaken so far, the Council is now proposing some “Main Modifications” – these are significant changes that are needed to help the Plan proceed towards adoption.

It is important that local communities, businesses and others are given the opportunity to consider these changes and

whether they have an impact on policies in the Planning Strategy. We are therefore undertaking consultation on these Main Modifications from **9am on 20 May until 4.30pm on Monday 1 July 2013.**

The consultation documents, as well as guidance notes to help explain more about this consultation, will be available from 20 May [online](#) or you can pick them up from Hastings Information Centre.
