25 The Corporation reserve to themselves the right to trim, cut down, or dig up and remove any shrubs or plants which in their opinion have become unsightly or overgrown, in the event of the person in whom the exclusive right of burial in the grave on which such shrubs or plants stand is vested, fails to trim, cut down or remove any such shrub or plant after 14 days' notice in writing has been sent by registered post to the registered owner or owners at his or their registered address or in cases of extreme emergency without notice.

27 Cycles or Motor-Cycles must not be ridden in the Cemetery.

33 Children apparently under 12 years of age will not be admitted to the Cemetery, unless in the charge of some responsible person, without the permission of the Superintendent.

38 A drawing showing the form of every memorial and a copy of every proposed inscription there on, shall be submitted for the approval of the Corporation and filed with the Superintendent previous to the erection or placing in position of such memorial. The form must be signed by or accompanied by a written authority from the owner of the exclusive right of burial in the grave space.

39 No wood, iron or metal memorials or tablets will be allowed in the Cemetery except on special War Graves. The Superintendent has authority to remove without notice anything placed on a grave space which contravenes these regulations.

41 Application for permission to erect or place any memorial or tablet, etc., must be made at the Superintendent's Office on forms provided for that purpose. The form of application must be signed by the Registered Owner or his or her Executors in the case of new erections, additional inscriptions and for permission to remove memorials out of the Cemetery.

43 Any monument, stone or curb erected or placed on a grave required to be opened for an interment therein, shall be removed by and at the expense of the owner of the grave or the person giving the order for the interment, and shall be re-erected or replaced by and at the expense of such owner or person as soon as practicable after the interment. Any such memorial, if un-numbered shall have the number of the grave space engraved thereon before re-erection takes place.

44 The Corporation reserves to itself the right of passage over all graves and where such a course is necessary, temporarily to cover or remove, without notice, the memorial upon any grave in order to permit the re-opening of another grave in the vicinity or for any other purpose.

47 The top surface of any foundation stone must be at least one inch below the level of the surrounding turf.

50 The fixing and re-fixing of all memorials, when commenced, shall be proceeded with from day to day until completed, or the order for the erection thereof shall become void.

51 All monuments, stones, curbs, tablets and all places of burial shall be kept clean and in good repair by the Owners thereof respectively (except in cases where arrangements have been made for this to be done by the Corporation); and on default by the owners after 14 days' notice in writing has been sent by registered post to the registered owner or owners at his or their registered address, the same shall be forfeited to the Corporation, who shall be entitled to take possession thereof, and the ground belonging thereto.

52 Any person erecting or placing a monument, stone or curb in the burial ground shall cause to be engraved upon it previous to erection the section and number of the grave over which it is to be erected or placed, in letters of not less than 1/2" in height, such letters to be properly leaded or blacked. The number must be engraved on the front of the memorial at least 3" above ground level.

54 No monumental erection or material shall be brought into the Cemetery unless required for immediate use or erection.

55 No advertising boards or tablets shall be placed on or around any monumental erection. Nor shall any form of advertisement be placed or displayed in any part of the Cemetery.

56 All persons (not being members of the Corporation's staff) engaged on work in the Cemetery in connection with the graves, monuments, stones, curbs, tablets, or otherwise, shall comply with all reasonable directions and requirements of the Superintendent.

57 No monumental erections, repairs, renovations or other monumental work shall be carried out without notice in writing at least 24 hours previous to commencing work being given to the Superintendent, and the consent in writing obtained from the Owner of the grave space.
