Subject: FW: 1:10000 Geology Data for the Hastings Area DD000163

Hi Sujeet

I have had the following response from British Geological Society relating to the 10,000 mapping that they offer.

Under the terms of the licence we would only be able to reproduce extracts upto A3 in size to fulfil a statutory requirement. We would also NOT be permitted to publish these extracts on our website. Therefore we could prepare an A3 paper map for each of the site visits that the inspector is planning on making but we could not make this information available on our website at any time. The costs work out as £346.50 plus VAT (they would need to confirm this).

Please let me know if we want to proceed with this and I will do the necessary.

Kind Regards  
Sam Townshend
