

Hastings BC Development Management Local Plan Examination

Rep0169/1 Mr A Ingleton

Response to Inspector's Note ID/8

The number of dwellings set out in the Proposed Allocation Policies are based upon the housing densities on page 68 of the Planning Strategy Chapter 8 i.e. 8.2 Densities should generally be set at 30 dph across the town and 40 dph in the town centre etc

They are not purely indicative.

Regards
Aubrey Ingleton
