

## FLOODING HISTORY

Information regarding flooding incidents in the Hastings Borough was provided by various key stakeholders as described below.

Organisation	Nature of Data	Period of Coverage	Comments
Hastings Borough Council	Flooding incidents from all sources	1969 to 1985 & September 1993 to January 2003	No detailed information available
Southern Water	Surface Water and Combined Sewers flooding	1997 to 2006	No detailed information available
Emergency Services	All flooding related incidents	1997 to 2007	This data was filtered to include flooding during storm events only

**Note:** In many cases flood alleviation schemes have been undertaken by Southern Water, or blockages have been cleared, and it is therefore unlikely that the problems will re-occur.

The flooding history provided by the various stakeholders is included below.
