

Active Hastings Registration

Thank you for attending an Active Hastings session. Due to our funding, we need to monitor who is coming along to our sessions, so please complete the form on the next page. But before you do, here's a bit more information for you about what we will be doing with your data:

Who are Active Hastings?

Active Hastings is a partnership project between Hastings Borough Council and East Sussex County Council. We also work with a wide range of other partners to deliver physical activity opportunities in Hastings. Hastings Borough Council is responsible for the collection and storage of the information that you provide to Active Hastings.

Where and how will your information be stored?

The information you give us on this form will be stored on the performance management software, Upshot, who will store the data in line with the General Data Protection Regulations (GDPR). The paper copies will be destroyed once the information is on Upshot.

How long will we keep your information?

Your information will be stored on Upshot for three years after the last session that you attend.

How will your information be used?

The information you provide us will be used to allow us to report back to funders about the types of people who are attending our sessions (for example, the number of females, the number of people with disabilities or the number of people from a particular area of the town etc). All information passed to funders is in number form and is anonymous.

Will we share your personal information with anyone else?

We take your privacy very seriously. Some sessions are run in partnership with other organisations and we may occasionally wish to share your information with them. However, who those partners are will be stated clearly on the registration form and you will be asked to opt in to allow us to share your information with them (we will not provide them with email addresses or phone numbers). If you do not opt in, we will not share your data with them. If you do opt in, they will also store your data in line with GDPR and will not share it with anyone else. We will not share your data with anyone who is not listed on the form.

Will your information be used for marketing purposes?

If you would like Active Hastings to contact you regarding future activities and events, you can sign up to receive these updates. If you do not sign up, you will not be contacted. Your contact details will not be passed on to anyone else (including the session partners). You are able to change your preferences at any time or remove yourself from the mailing list by emailing activehastings@hastings.gov.uk, or clicking the unsubscribe button at the bottom of the email.

If you have any more questions about how we look after your information, please feel free to email us on activehastings@hastings.gov.uk

Session:
