L/R	F/S/M	MATTERS DISCUSSED / ACTION REQUIRED	TIMESCALE															
L	M	You were asked before to get a new copy of Safer Food Better Business as the current one is out of date - this is easy to find online - you can buy it online with a one-year diary for about £20 when you get it, fill it in completely, & then keep the diary up to date.	1 week															
L	F	It is not good practice to store uncovered salad where you will be moving raw meat on skewers above the salad as this could lead to contamination of the salad from meat juices dripping.	Ongoing

This report covers only those areas inspected at the time of the visit and does not necessarily extend to the whole premises. It was not possible to observe all the practices undertaken. As discussed, day to day monitoring of good working practices must be a clear responsibility of the line manager(s). It does not indicate compliance with any provision of the above legislation. This report is not a legal notice requiring work to be carried out. However, failure to act on those items that are legal requirements may lead to formal action. Other means of achieving the same effect may be chosen. For further information or to clarify any matters contained in this report please phone the inspecting officer. If you feel the action required by this report is not reasonable then you may, within the next fourteen days, contact my Environmental Health Manager on 01424 451078
